#RadissonCare

At Radisson Hotel Group, one of our highest priorities is the health and safety of our guests, team members and business partners. We have now created the Radisson Hotels Safety Protocol, a new program of in-depth cleanliness procedures.

From sanitizing to deep cleaning, we have left no stone unturned in keeping the hotel germ and virus free.

- Sanitization procedure has been intensified in consultation with **SGS, the world's leading inspection, verification, testing and Certification Company**
- Increased cleaning and disinfection frequency of all hotel areas, paying special attention to high-touch items
- Stations installed with alcohol-based hand sanitizer and gloves at the front entrance and hotel public areas
- Specific SOPs for guest transportation, check in and check out process ensuring distancing and limited contact, housekeeping, laundry and provision of F&B services at restaurants or via room service or as takeaway
- HEPA filters in the air condition system
- All room keys disinfected every night with virucide and presented safely upon check-in
- Express check-out process available for guests to minimize contact
- All trolley bags and linen are thoroughly washed on a daily basis.
- The laundry floor, walls and the equipment in the area are sanitized twice a day
- Cash-free methods of payments available and encouraged
- Door hangers displayed with cleaning and disinfection procedures in each room
- All hotel supplies, including perishables, are fully sanitized before entering the receiving area.
- All kitchen tools will get sanitized after every meal period and soaked in chlorine water when not in use.
- Proper PPE and protocols used for food and other amenity delivery to guest rooms.
- At all operational restaurants and bars, the seating will be reduced to ensure social distancing when they reopen.
- Comprehensive hygiene and preventions training programs for team members
- Team members provided with Personal Protective Equipment such as masks and gloves

Radisson Care – F&B HYGIENE & SAFETY PROGRAMME

We are ensuring proper cleaning of vegetables, meats and all other materials that are required in the kitchens using food safe sanitizing agents to disinfect edibles.

Your safety is our priority

#RADISSONCARES

One of Radisson Hotels' top priorities is the health, safety and security of our guests, employees and business partners worldwide. All our hotels adhere to comprehensive health and safety procedures, including all local laws and legislation. As we remain committed to serve you with our Yes I Can! Spirit we have also provided hotels with our 20-step protocol, which includes strongly recommended measures such as:

20 STEP SAFETY PROTOCOL

Implement physical distancing measures throughout the hotel

Increase cleaning & disinfection frequency of all hotel areas, paying special attention to high-touch items

Implement improved air circulation processes to increase air quality

Install protective screens at the front desk between guests and team members

Install stations with alcohol-based hand sanitizer and gloves in the front entrance and hotel public areas

Ensure room keys are disinfected and presented safely upon check-in

Display door hangers with cleaning and disinfection procedures in each room

Provide travel size hand sanitizers to guests as an in-room amenity during their stay

Place TV remote controls in individually sealed protective bag after disinfection

Wash all linen at high temperatures for optimal disinfection

Make sanitizer and disinfectant wipes available to all guests in the fitness and wellness areas

Make Express check-out process available for guests to minimize contact

Offer cash-free methods of payments

F&B PROTOCOL

14 Offer individually packaged or Grab & Go food options

15 Space tables safely apart in all restaurants and bars to ensure physical distancing

16 Serve all food and beverage respecting strict food safety procedures

17 Lock or remove Minibars

TEAM MEMBER PROTOCOL

18 Conduct comprehensive hygiene and preventions training programs for team

19 Conduct temperature checks for team members and suppliers, if legally permitted

20 Provide team members with Personal Protective Equipment
